CHICAGO CABLE AND DIRECT WIRE—EXCLUSIVE DISPATCH.

CHICAGO, Nov. 6.—Picked German troops in strong force launched last night a counter-attack along a twelve-mile line north of the Somme that exceeded in fury the single effort in the last month during the offensive of the French British troops that had wrested from them at several points their forces swung forward and the allied defenses from Le Cateau southwest of Bapaume, to Abbeville. At several points the blow obtained advantages; most of the front under attack German masses waded under the smant fire of the allied batteries failed to regain an inch of the lost and lost a few hours previously GROUND ABANDONED.

The British were forced to leave a portion of the ground they now near Butte de Warlencourt, of Bapaume.

SITUATION BY STATES.

Warlike Statements Issued by Ohio Party Managers.

Both Sides Say They are Sure of Winning in Jersey.

Very Heavy Vote is Promised by West Virginia.

(BY A. P. NIGHT WIRE.)
COLUMBUS (O.) Nov. 6.—On the eve of election day, which marks the close of one of the hottest Presidential campaigns ever waged in Ohio, both Republican and Democratic campaign managers issued warlike statements, declaring they are going to watch each other for illegal voting tomorrow.

The chairman of the Democratic State Committee sent out instructions to county chairmen to be prepared to prosecute any attempt to corrupt the vote by use of money.

The Republians charged tonight, in statements saying that the Republican State Executive Committee is just as much in sympathy with any legitimate move to suppress illegal voting tomorrow as the Democrats.

Democratic managers stand by their prediction of 100,000 plurality for Wilson and Republican leaders claim a victory of from 60,000 to 100,000 plurality.

NEW JERSEY.

(BY A. P. NIGHT WIRE.)
TRENTON (N. J.) Nov. 6.—With both Democratic and Republican State chairman professing confidence in the outcome of the election tomorrow, the New Jersey State campaign ended late tonight.

The Republican State chairman predicted the national and State ticket would win at least 45,000, while the Democratic claimed the State by 20,000. Besides a Governor and United States Senator, there will be elected twelve Congressmen.

WEST VIRGINIA.

(BY A. P. NIGHT WIRE.)
CHARLESTON (W. Va.) Nov. 6.—In an effort to secure an honest election directors of the Department of Justice have been assigned to duty as poll watching inspectors in Southern West Virginia according to an announcement made here tonight by W. G. Barnhart, United States District Attorney. Predictions varied throughout the State as to whether the heaviest vote ever polled in West Virginia will be cast Republican and Democratic State chairmen reiterated their statements saying that their party would carry the State.

KENTUCKY.

(BY A. P. NIGHT WIRE.)
LOUISVILLE (Ky.) Nov. 6.—With their final preparations for the election tomorrow completed, both Democratic and Democratic campaign managers renewed their claims tonight that Kentucky would give its electoral vote to their party's candidate.

Democratic leaders claim the State by a minimum majority of 92,000, and declare they are certain of five out of eleven Congressmen. A majority of not less than 15,000 is claimed by Democratic managers.

MISSOURI.

(BY A. P. NIGHT WIRE.)
ST. LOUIS (Mo.) Nov. 6.—A heavy vote is expected throughout Missouri tomorrow. The registration in St. Louis, more than 1,000,000, is the highest in the history of the city. Republican leaders say this heavy registration indicates a tremendous Republican plurality in St. Louis, which they count on to overcome the Democratic vote in the rural districts.

Both Democratic and Republican leaders tonight claimed the State. The fact that prohibition is to be voted on is expected to result in a heavy vote, and Republican managers say a heavy vote will be to their advantage.

Democratic leaders, however, are confident that President Wilson will be a tremendous plurality.

WYOMING.

(BY A. P. NIGHT WIRE.)
CHEYENNE (Wyo.) Nov. 6.—Both Republicans and Democratic leaders both made claims of success at the polls tomorrow, while rival parades here tonight closed the campaign in Wyoming.

John Sullivan, Republican State chairman, claimed the State for Hughes by 400 and the election of C. D. Clark to the Senate.

G. Hopkins, Democratic State chairman, claimed the State for Wilson by 2,000.

MICHIGAN.

(BY A. P. NIGHT WIRE.)
DETROIT (Mich.) Nov. 6.—Preparations were completed tonight to handle the election in Michigan, which was expected to bring out the heaviest vote to make Michigan dry by passage of a constitutional amendment for prohibition, overshadowing even the Presidential struggle. Dry and wet forces were each claiming victory.

It is expected that at least 120,000 persons will vote here.

ARIZONA.

(BY A. P. NIGHT WIRE.)
PHOENIX (Ariz.) Nov. 6.—The heaviest vote ever recorded in Arizona is expected to be brought out tomorrow, chiefly through interest aroused by the Temperance Federation in the prohibition amendment to bring the State under the operation of the Webb-Kenyon law. Rival party committees continue

THE LOS ANGELES ADVERTISING SCORE.

In printing the advertising records of all the daily and Sunday newspapers in Los Angeles every day The Times does not attempt to mislead or deceive its readers by using figures that concern only certain kinds of advertising. It boldly publishes the figures of all classes of advertising printed in each local newspaper.

The juggling of figures is left to those newspapers that dare not tell the whole truth and that have not the courage or fairness to make honest comparisons.

For the week ending Sunday, November 5, the Los Angeles newspapers published the following number of lines of advertising (200 agate lines make one column):

Display.	Classified.	Total.	Times' lead.
Second morning paper	198,268	83,146	251,414
Third morning paper	151,564	62,412	218,276
First evening paper	125,174	26,696	151,870
Second evening paper	146,398	33,440	159,838
Third evening paper	128,982	17,220	151,172
Second morning paper	72,604	3,500	200,221
Third evening paper	76,193	3,500	200,221

their predictions of victory. The Democrats closed the campaign tonight with an address by Senator Gore of Oklahoma.

Republicans spoke in Southern Arizona mining towns.

NEVADA.

(BY A. P. NIGHT WIRE.)

RENO (Nev.) Nov. 6.—With both Republican and Democratic parties holding rallies in the larger cities of the State the Nevada campaign was concluded tonight with the outcome in doubt. Vigorous campaigns have been made by the three candidates for United States Senator, Key Pittman, seeking the Democratic ticket, Samuel Platt, on the Republican ticket, and A. Grant Miller, Socialist. Women will vote in Nevada for the first time.

MARYLAND.

(BY A. P. NIGHT WIRE.)

BALTIMORE, Nov. 6.—Democrats and Republicans at their respective heads on the national ticket and the candidate for the United States Senate, Republians said there was a good chance for them at least to divide the票 for the election day, which marks the close of one of the hottest Presidential campaigns ever waged in Ohio, both Republican and Democratic campaign managers issued warlike statements, declaring they are going to watch each other for illegal voting tomorrow.

The chairman of the Democratic State Committee sent out instructions to county chairmen to be prepared to prosecute any attempt to corrupt the vote by use of money.

The Republians charged tonight, in statements saying that the Republican State Executive Committee is just as much in sympathy with any legitimate move to suppress illegal voting tomorrow as the Democrats.

Democratic managers stand by their prediction of 100,000 plurality for Wilson and Republican leaders claim a victory of from 60,000 to 100,000 plurality.

NEW JERSEY.

(BY A. P. NIGHT WIRE.)

PORTLAND (Me.) Nov. 6.—The battle for Maine political honors having been fought out at the biennial State election in September, the voting tomorrow will be only for candidates for Presidential electors. President Wilson four years ago received a plurality of 15,200 votes over Col. Roosevelt in a total of 126,000 votes. Tomorrow's vote is expected to exceed 120,000.

NEW HAMPSHIRE.

(BY A. P. NIGHT WIRE.)

MANCHESTER (N. H.) Nov. 6.—The campaign just closed was the hardest fought in the State in a decade and tonight both parties claimed victory here as assured.

The Republican State Committee claims the State by a decisive margin and victory for Henry W. Keyes, Republians' vice-chairman, and two candidates for Congress.

The Democratic State Committee expressed confidence of the election of John C. Hutchins as Governor and two Democratic candidates for Congress.

MASSACHUSETTS.

(BY A. P. NIGHT WIRE.)

BOSTON (Mass.) Nov. 6.—Political leaders agreed tonight that if the weather is fair tomorrow, as predicted, Massachusetts will poll the entire State in its history. The total is expected to reach 55,000.

Gov. Samuel W. McCall and Senator Henry Cabot Lodge are seeking re-election, opposed by Frederick W. Mansfield and John F. Fitzgerald, the two candidates for Congress.

Republican managers renewed claims that Hughes would carry the State with a plurality of 75,000. They also claimed they would elect four out of the sixteen Congressmen.

Democratic State Committee expressed confidence that Wilson would receive a plurality of 30,000 and that the Democratic candidates for United States Senator and the State ticket also would be elected.

PENNSYLVANIA.

(BY A. P. NIGHT WIRE.)

PHILADELPHIA (Pa.) Nov. 6.—Campaign managers in Pennsylvania voted their energies today to the final preparations for getting out the vote at tomorrow's election.

Estimates of the respective party leaders have not been changed, the Republicans declaring that Pennsylvania will give its 100 electoral votes to Hughes, while the Democrats predicted a plurality of 30,000 for Wilson.

BOTH SIDES CLAIM THE HOOSIER STATE.

(BY A. P. NIGHT WIRE.)

INDIANAPOLIS (Ind.) Nov. 6.—The last word in the campaign various parties were prepared to devote their energies tomorrow to getting out the vote. Leaders of the two major parties reiterated their opinions that their respective parties will carry Indiana for President and both United States Senator.

The Fifth Congressional District, where Eugene V. Debs is the Socialist candidate, is being watched with particular interest, as his supporters predicted him to be chosen.

Democratic and Republican leaders each claimed substantial pluralities and were indicated for their candidates.

MONTANA CAMPAIGN ON TO FINAL HOUR.

(BY A. P. NIGHT WIRE.)

HELENA (Mont.) Nov. 6.—Montana's campaign was fought up to the last hour with speeches in Butte and Helena tonight by party leaders. It is predicted that收回的投票 will be cast throughout the State.

DEMOCRATIC DISCORD IN NORTH DAKOTA.

(BY A. P. NIGHT WIRE.)

FARGO (N. D.) Nov. 6.—The campaign of John Burke, Democratic candidate for United States Senator, has attracted most attention in North Dakota. Mr. Burke, whose friends predict his election in spite of the recent defeat of his opponent, Senator M. C. Murphy, has friends who claim he will be chosen.

Predictions were made by Democrats, Republicans and Socialists leaders for their national and State tickets in this State.

KANSAS FOR HUGHES, SESSIONS STATES.

(BY A. P. NIGHT WIRE.)

TOPEKA (Kan.) Nov. 6.—Political meetings were announced today for every Congressional district in Kansas.

Charles Sessions, Republican State chairman, declared that Kansas will go for Hughes by 35,000 and will re-elect Gov. Arthur Capper by 100,000.

Hubert Lardner, Democratic State chairman, claimed a plurality for Wilson and W. C. Lansdown, as Governor, but did not give out figures.

WISCONSIN EXPECTS HEAVIEST VOTE.

(BY A. P. NIGHT WIRE.)

MILWAUKEE (Wis.) Nov. 6.—Campaign managers in Wisconsin look for the heaviest vote to be cast at tomorrow's election in the history of the State. A close contest between Wilson and Hughes in Wisconsin is looked for the State chairman for each candidate claiming the State.

STRENUOUS CLOSE IN LITTLE RHODY.

(BY A. P. NIGHT WIRE.)

PROVIDENCE (R. I.) Nov. 6.—The campaign in Rhode Island, in addition to Presidential matters, was particularly strenuous because, for the first time the State was to elect a United States Senator by the direct vote of the people. Senator Henry F. Lippitt, Republican, is nominated to carry the State for Hughes by 400 and the election of C. D. Clark to the Senate.

G. Hopkins, Democratic State chairman, claimed the State for Wilson by 2,000.

MICHIGAN.

(BY A. P. NIGHT WIRE.)

DETROIT (Mich.) Nov. 6.—Preparations were completed tonight to handle the election in Michigan, which was expected to bring out the heaviest vote to make Michigan dry by passage of a constitutional amendment for prohibition, overshadowing even the Presidential struggle. Dry and wet forces were each claiming victory.

It is expected that at least 120,000 persons will vote here.

ARIZONA.

(BY A. P. NIGHT WIRE.)

PHOENIX (Ariz.) Nov. 6.—The heaviest vote ever recorded in Arizona is expected to be brought out tomorrow, chiefly through interest aroused by the Temperance Federation in the prohibition amendment to bring the State under the operation of the Webb-Kenyon law. Rival party committees continue

HUGHES TO VOTE EARLY; LAUNDRY POLLING PLACE.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

NEW YORK BUREAU OF THE YOUNG TIMES, Nov. 6.—Charles Hughes will rise early tomorrow. He will cast his vote before breakfast in a Forty-fourth-street laundry near his Astor Hotel headquarters.

Mr. Hughes's only political activity today was a visit to Republican national headquarters for a conference with Chairman Wilcox. After leaving the office of Mr. Wilcox he went around the general offices and spoke with every one, down to the least useful office boy. Mrs. Hughes, who accompanied her husband, had a pleasant word for all the

people at the Second District. The State also will elect three members of Congress, Governor and other State officers.

NEBRASKA OURS,

REPUBLICANS SAY.

(BY A. P. NIGHT WIRE.)

OMAHA (Neb.) Nov. 6.—Interest in the national and State tickets and the prohibitory amendment with fair weather predicted for the election will bring out Nebraska's largest vote tomorrow. It was predicted by the most useful office boy.

Wilson will carry Colorado by 40,000," said Raymond Miller, Democratic chairman.

Wilson and Gunter will sweep the entire ticket with them."

REPUBLICANS CLAIM STATE OF IOWA.

(BY A. P. NIGHT WIRE.)

DES MOINES (Iowa) Nov. 6.—Final predictions of the outcome of the general election in Iowa were issued tonight at State headquarters by Republican and Democratic State chairmen. Each predicted victory for his party.

For the candidate for Governor, the Republicans claimed a plurality of 10,000 to 20,000.

Republican leaders claim the State by a majority of 10,000 to 20,000.

REPUBLICANS CLAIM STATE OF IOWA.

COLD GONE! HEAD AND NOSE CLEAR

First dose of "Pape's Cold Compound" relieves all gripe misery.

Don't stay stuffed-up! Quite blowing and sniffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and pain.

"Pape's Cold Compound" is the quietest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

PARIS COMMUNIQUE

(BY ATLANTIC CABLE AND A.P.) PARIS (via London) Nov. 6.

Official communication issued tonight:

"North of the Somme we con-

tinued our progress during the day in the northern part of St. Pierre Vaast wood. We have taken in this sector since yesterday over 600 prisoners."

"It is confirmed that the enemy in the course of his violent counter-

attack last night on our positions in the St. Pierre Vaast wood suf-

fered heavy losses.

"On the Verdun sector there has been only an artillery struggle, which continued in the Douaumont-Vaux-Damouville region.

"In the Vauquois sector a sudden attack on one of our posts in the Fecht Valley failed. On the re-

mainder of the front the calm pre-

valued.

"Eastern army: Along the whole

(Macédonia) there is nothing to report except intermittent arti-

lery duels and patrol encounters."

JEWELRY MISSING.

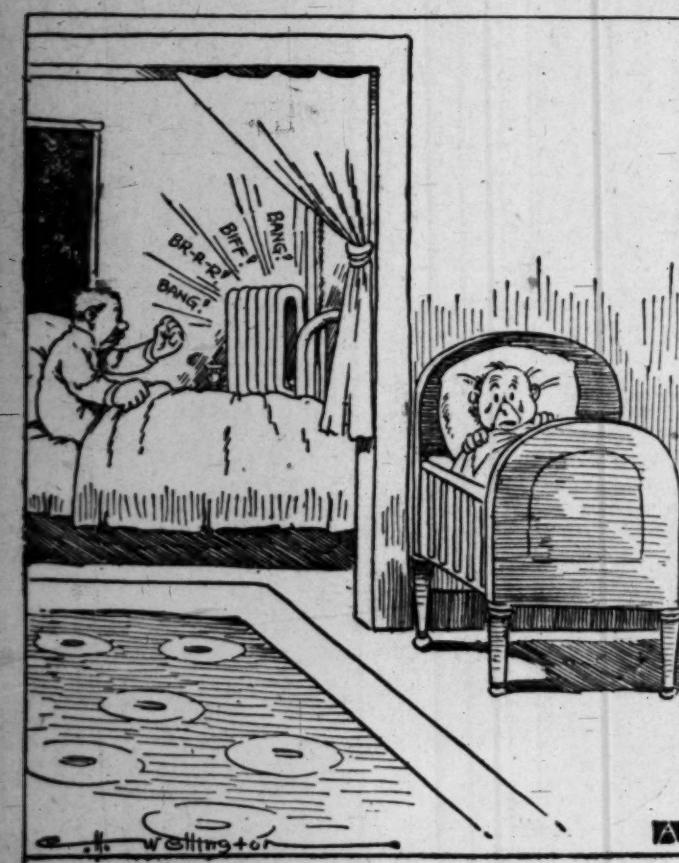

Returns from Automobile Trip to Find His Apartment Ransacked.

Jewelry valued at nearly \$1000 was reported mysteriously missing from a drawer in the safe of the Serano apartments at 2037 and Hill streets, early last night, by Thomas Hawthorne. The jewelry was taken, according to Mr. Hawthorne, about 10 p.m. during the past week while he was away from home on an automobile trip.

According to the detectives who investigated the case Mr. Hawthorne had the jewelry locked and left in a dresser drawer in his apartment just a week ago. He left on a short trip and discovered the jewelry missing upon his return last night. The driver, according to the police, was still awake, but the boy in the police was still asleep.

An investigation made by the police disclosed no sign that the apartment had been ransacked by a burglar. The police stated last night that the jewelry must have been taken by some one who knew where it was hidden.

NO CATCHEE KEE.

Just the Same "Old China Boy" is Held for Deportation.

Gin Jung Kee, a Chinese, was taken into custody yesterday by Immigration Inspector Nardini on a vegetable ranch near El Monte. He is being held for deportation.

Kee claimed to have in his possession the "chock-chee," which translated into English, means a certificate of residence.

"You can't catch me," said Kee.

"I catch the chock-chee long time."

The inspector asked him where he got it.

"From an old China boy, long time dead," said the grinning Chinese.

Kee's effects were searched, but, in spite of the man's statement, no certificate was found. It is found, Kee will be prosecuted on the charge of having a fraudulent certificate in his possession.

RETURABLE TOMORROW.

Writ of Habeas Corpus Sued Out on Behalf of Idaho Man.

A petition for a writ of habeas corpus in behalf of Charles A. Krugler, who was held in the United States District Court yesterday, and is returnable before Judge Trippet at 10 o'clock tomorrow morning.

Krugler is now in the County Jail, in the custody of Sheriff Clark of Twin Falls, Idaho. The allegation against Krugler is that he obtained the signature of a party to an instrument whereby a liability was created by false representations.

Krugler is said to be an employee of the Pullman Car Company in Idaho.

SOCIETY.

The Amateur Players held their performance of the season at the Club last evening, an affair which society is ever anxious to see. The amateur play, proved an excellent effort for exhibiting the talents of the amateurs, and those trifolous who went to scorn remained unscorned.

Tyler Henshaw, taking the role of "Colonel Borridge, a cockney and severely handicapped by a country girl," who has recently arrived from her, made a hit with really clever acting and wit. Mrs. John S. Valley in the role of "old prophetess" proved all the skill of the amateur.

FOR PRESIDENT
Charles Evans Hughes of New York
FOR VICE-PRESIDENT
Charles Warren Fairbanks of Indiana**TREND OF THE FINANCIAL NEWS.****CHIEF EVENTS OF YESTERDAY.**
(At Home:) Wall street's confidence in or indifference to—the outcome of the election was plainly demonstrated, according to professional views, by operations of remarkable strength and breadth. This tone, it was pointed out, indicated that the Stock Exchange's activities are based upon fundamental conditions far removed from political considerations. United States Steel was a central figure in the day's dealings. Bonds were firm, but lacking in special features.**WELL, WELL!**
"I had a dream the other night," said a tenth Congressional District voter. "I dreamed I was in love with Stanley Benedict and when I woke up I thought of those beautiful lines in Shakespeare's 'Midsummer Night's Dream' where Titania describes her dream 'Methought,' said she, 'I was enamored of an ass.'"**WHAT JOHNNY WOULD DO.**
The American boy is not like Wilson. He is not "too proud to fight." "Johnny," said the Sunday-school teacher, "you read this morning what Jesus said about turning the other cheek to the smiter?" "Yes," said Johnny. "It little Billy Bedam should hit you on one cheek, would you turn your other cheek to him?" "Er-er-yessem," replied Johnny; "but I'd belt the stuffing out of him first."**CONCERNING A COTEMP.**
Why is Edwin T. Earl not like charity? "Charity vaunteth not itself, is not puffed up."

What is the Earl slogan? "Whosoever tootheth not his own horn, the same shall not be toothed."

What is the Earl motto?
"I go for this, I go for that,
I'm a Rep-Progressive Democrat.
Listen, all, while I tell you so,
I'm high, low, jack and the game, you know."**THE LEGISLATURE — MAKE IT STRAIGHT.**

It is of vital importance to the State's prosperity that there be chosen a Legislature that will undo much of the vicious and hurtful lawmaking that has made California a byword and is keeping capital out of the State; a Legislature that will lay the ax to the root of the tree, that will cut the State's running expenses in half and will exterminate a horde of useless office holders and relieve groaning taxpayers of some of their burdens. Men and women, the thing to do is to elect a Republican Legislature once more.

"YELLOW MORALS."
It has remained for the crown of scorn for the Wilson administration to come from the trenches. The French soldiers call a bomb that fails to explode a "Yankee."

From the German side of the trenches comes a taunt thrown at our administration for failure to enforce our demands. They call the morals of the Wilson administration "yellow morals."

Even the Italians are not loth to ridicule our spineless diplomacy. An Italian editor observes that when President Wilson notified the German Emperor that he would be held to a "strict accountability" for shedding American blood he meant to warn the Kaiser that God would punish him in the hereafter.

CRAWLING TO FAVOR.
Thirteen Assemblymen who supported the people against a recklessly-extravagant State administration in the Legislature of 1915 are candidates for re-election. In each district the State machine is supporting the opposing candidate in the hope of keeping these men who could neither be bullied nor bought out of the next Legislature. The policy of the administration was to give its favorites as many nominations as money and patronage could buy. In this deal the machine is strictly nonpartisan; it is Republican in one district, Democratic in the next; in some districts it backs independent candidates, in others Socialists and Prohibitionists. It selects its candidates by just one rule: They must agree to vote as directed when they come to Sacramento. They are taught that under the present administration one advances only on his knees.**HUGHES MAXIMS.**
Some of the utterances of Charles Evans Hughes during the present campaign are destined to become maxims of American politics. Among these may be noted:

"I neither fear the enemy nor court the favor of any element in America."

"Would you judge a man in a high position by his utterances? I would judge him by his appointments."

When Secretary McCauley inquired, "What would you have done if the Lusitania had been sunk?" Mr. Hughes replied, "The Lusitania would not have been sunk."

Commenting on Secretary Baker's assertion that the American soldiers marching on Valley Forge were just as bad characters as the Mexicans, Mr. Hughes said: "I never supposed that the day would come when the representative of an American administration would say that of those who gave us our liberties."

A LAST WORD.
The issues of the day have been so fully and fairly presented by the press of the country that every voter who can read comprehends them so fully that further discussion of them would be superfluous. Yet out of abundance of caution The Times will briefly state them:

Those who believe that the best way to preserve peace is for American citizens to submit uncomplainingly to outrage, robbery and assassination in Mexico; to being murdered on the high seas by Germany; to being blacklisted and having their mail censored and seized by Great Britain, and to having workers of the land turned away from the closed doors of factories and furnaces at the close of the European war by retaining the Underwood laws; will vote for Wilson and the retention of the Underwood tariff law.

Those who believe in restoring protection to our tariff laws; in extending protection of their lives and property to Americans dwelling on the border or on Mexican soil; in compelling European nations to refrain from violating international law; in granting free passage through the Panama Canal to our coastwise ships; in repealing the language clause in the seaman's law and in repealing the wage increase law enacted by Gompers, Wilson and a cowardly Congress, will vote for Hughes.

One of the great issues to be decided today is whether American citizens shall be protected. A government that will not protect its citizens on land and sea, at home and abroad, is not fit to rank as a civilized power. England was never grander than when she sent her red-coated legions into the heart of Abyssinia because a dusky King had murdered a British subject. During the first administration of President Grant it may not be forgotten what a wave of indignation surged over the land when the news reached us that an irresponsible Spanish official had caused the crew of the Virginia to be butchered.

Cleveland did not waste time in "protesting" against the action of Great Britain with respect to Venezuela. He informed her what the United States would do in defense of the Monroe doctrine if she did not abandon her attempt to "survey" Venezuela into becoming one of her colonies, and she abandoned it p.o.

Cleveland did not attempt to bribe the Chicago railway strikers by forcing Congress to increase their wages. He informed them that if it took the entire army of the United States to secure the carrying of a postal card from Chicago to San Francisco its transmission would be secured.

Democrats! you are Americans. Will you lend your aid to give the recreant American who has jobbed his nomination from you by trickery and pledge-breaking another four years of power? Will you not help Republicans to throw him into the Gulf of Oblivion and let the waters of Lethe flow over his political carcass?

It is up to you to act today.

UNFAIR—STATE LABOR BUREAU.

Among the multifold California commissions is a State labor bureau which has been converted by the present administration into a propagating station for the labor unions. The first requisite for a position in the labor bureau is to hold a union card; no others need apply. State Labor Commissioner McLaughlin is himself one of those leeches known as walking delegates, who feed on the earnings of the members of the unions. His deputies are of the same species. A strike was called recently in the Amador county mines. Influenced by the walking delegates, the striking miners not only declined to work longer themselves, but they became an enraged mob that clubbed and slugged independent workmen who desired to continue to work. They established armed sentries and took possession of the mines themselves in order to compel the mine owners to grant their unjust demands.

When the Sheriff of Amador county appealed to the Governor of the State for a regiment of militia to enforce law and order, Gov. Johnson responded by sending Labor Commissioner McLaughlin and two of his union-labor deputies to study the situation. They found of course that the mine owners were wholly in the wrong. McLaughlin made a report in which he stated that if the mine operators would employ only union men and pay the union scale all trouble would cease.

Despairing of receiving justice from the State, the mine owners applied to the Federal courts for relief. A Federal judge of San Francisco granted an injunction restraining certain persons from occupying or interfering with the property of the mine owners. Among those served with injunction papers was J. K. Kelly, Deputy State Labor Commissioner. Kelly was sent to Amador County by the State at State expense, as one of a commission to investigate the condition of the mine operators.

PEN POINTS
BY THE STAFF.

For California!

And for our country!

Never for unfairness or

clums!

When in doubt, it is best to

"No."

It was the American people who

kept themselves out of war.

You can bet that Mr. Hughes

Mr. Hughes.

A grand charge all along the line

and it will be Hughes, Fairbank

and victory.

With wheat going up it is

predicted that substan-

tially are expending every vot-

er his duty today.

The lower of Republican pro-

piles protection, peace and pros-

perity are expending every vot-

er his duty today.

If the Wilson law is an eight-

proposition why does it not prove

for the lowest-paid as well as the

highest-paid classes of railroa-

d workers?

The election of Hughes does

mean war; but it does mean as

to the weak and wobbly sort of

administration that President Wil-

son has given us.

The flag that we demanded Mu-

should salute at Vera Cruz

still unsaluted. But we brought

nineteen dead with us and left the

national honor behind.

It is enough to make Mark Han-

torn over in his grave to see

Wilson managers trying to

keep that patriotism stuff. The Dem-

ocrats are apt scholars.

The voters of California ought

roll up a solid wall of militia aga-

inst the nefarious Amendment No. 1

to the Constitution providing for

single tax. It amounts to a con-

cration of the hand.

President Wilson says the Na-

tion must remain on the Mexican bor-

der line to "repel invasion."

We are not at war with Mexico, etc.,

not. We are merely defending

the border against her with every

source at our command.

When Congress convenes in De-

cember it will be confronted by

a demand of the 80 per cent of

railroad workers who were not re-

elected by the Adamson bill. They

will ask that they be given a com-

plete deal. The worst is yet to come.

With Charles Evans Hughes

our next President there will be

new meaning in the relations of

foreign nations. There will be

a great deal of noted and words and

of meaning born of rhetoric more

than straightforward, patriotic

speeches.

up—Puggy Morton Arrives.

Billy Cappell, San Pedro light-

weight, will make his first appear-

ance in a Vernon Athletic Club main

event when he tackles Steve Dalton

in the four-round feature bout to-

night. Cappell won popularity two

weeks ago by his decisive victory

over a much heavier opponent, and

is favored to win over Dalton. Both

men are sluggers. A knockout re-

sult would not be a surprise.

The semi-windup will be furnished

by Cliff Thomas and Al McManus,

122 pounds. "Puggy" Morton, Sac-

ramento lightweight, who holds a

draw with Eddie Shannon, will tackle

Lee Rees in a special event. The

first preliminary will begin at 8:30

o'clock with Harry Gilmore refer-

ANCIENT FEUD TO BE RENEWED.

Cliffdwellers will Meet Poly on Friday.

Two Teams Seemed to be on a Par.

Manual Expects to Swamp Lincoln.

Two big games are scheduled to be played in the city high school ranks this week. Manual and Lincoln will open the week's excitement out at Manual Arts Thursday afternoon. This is going to be some game, but will be only a side issue compared with the big contest to be played at L. A. High Park the next day with L. A. High and Polytechnic finishing in the big game.

This L. A. High-Polytechnic affair is always the big game in the city league, no matter what kind of a team either school has. If one team has already clinched the championship and the other has not as yet won a game there is always the big fight just the same. When both teams are about evenly matched, and especially when neither has met defeat, as yet in their previous games, one may be certain of seeing a football game that is worth going to see.

The two schools, the greatest rivals in the city, will meet in their final football battle Friday since the big game last year and the bigger fight that followed that night after Poly's victory, and which was the result of L. A. High being athletically isolated for the rest of the season.

Park has been chosen as the place to play the game as there is no other park in the city, outside of Washington Park, where there is seating capacity enough to hold the crowd that will turn out to see the game. Washington Park has been abandoned for these games because of the excessive amount of rent required to lease the park.

When the two teams go onto the field each will have the feeling that it will be the victor at the end of the contest. At that, the two teams are not evenly matched and it is practically impossible to say which will win.

As far as goes there is only one way to figure the outcome—Lincoln will be the Poly team which has played both the Poly and the L. A. High Inds. and, according to the scores of these games, L. A. High will have the shade. L. A. High was beaten by Lincoln 14 to 10, while Poly was the victor by a 20-to-0 score. However, when Lincoln met L. A. High several of Coach Tommy Davis' best players were out of the game on account of injuries.

Out of Poly Coaches Bickerstaff and Haslett are working overtime with the players endeavoring to get them into the best condition for the game. Poly's one best half-back Gene Davis, has been kept out of the scrimmages so as not to run any risk of injury. Both teams are altogether minus injured players, no neither has the advantage there.

Another game.

The other City League game, the Manual-Arts-Lincoln game, will be held Thursday afternoon out at the Manual field. After seeing the contest between Manual and Hollywood last Friday, Coach Tommy Davis is not very enthusiastic over his chances. He will consider it a victory if he can succeed in holding the Manual eleven to less than sixty points. When the game starts Coach Davis will be without the services of his star player, Capt. Tally Evans. Evans out with a cut on his nose, twisted ribs. At Manual things are just the other way. All of the Tolier cripes are slowly getting back into condition. Harold Galloway is out and, again, has not yet got into the game, but Coach Trotter will keep him out of this week's game, as he does not want to run any risk of injury just before the Manual-Poly game.

Get Busy, Stoer.

Unless Steve Horrell, All-Southern center and captain of the Pasadena football team, changes his style of play and puts up a much better game during the rest of the season than he has shown for this year, the Pasadena High will, for the first time in a number of years, be unable to boast of some members of its team being on the All-Star team after the season.

In the last two games Horrell has played, against Chaffey Union and San Diego, he has been outclassed all around by his opponents on the other team. In both contests Horrell failed to stop the opposing backs. After the plays had been completed, Horrell usually found himself on the ground with several of his opponents on top.

Some Players.

If the San Diego lads keep playing the brand of football that they have displayed so far this season—and in all probability they will—they will now only stand in a small good chance of winning the Southern California championship, but will also place at least three men on the All-American aggregation.

Sprott at left half, Trotter at right end and Majors at right guard are the three lads whose play entitles them to consideration. Sprott is a big boy and has plenty of speed. On the other hand he is a bear at advancing the ball. In the game against Pasadena he was responsible for over half of the gains made by his team. He is also a bear at throwing the forward pass.

Majors at end, is about the best seen around the south this season.

On the defense he blocks plays galore and on the offense he sure is a big boy and has plenty of speed.

On the other hand he is a bear at advancing the ball.

In the game against Pasadena this pair completed eight of the eleven forward passes.

Majors, at right guard, is a big husky who tips the scales around 196 pounds. Majors is good at opening holes for his team-mates to pile through and in getting through the line and smearing plays.

POLITICS FAIL TO WALL STREET

Dispassionate Observers Believe Strength and Breadth Based Updations Far Removed from Elec-ties—Steel is Feature of Day's

[BY A. P. NIGHT]

NEW YORK, Nov. 6.—Wall street's confidence or indifference to the outcome of the Presidential election was unassumably demonstrated, according to the individual point of view, by today's operations. While the index of 400 most prominent observers, the market's remarkable strength and breadth in its undercurrent of confidence—were based upon fundamental and intrinsic conditions far removed from even immediate political considerations.

United States Steel was the central factor, to a greater extent than its extraordinary activity in which it far outdistanced all other stocks, in favoritism by reason of the rise of 3½ points, to 125½, exactly a point above its previous maximum.

PASADENA, Nov. 7.—With characteristic ability to obtain the maximum amount of pleasure out of the few hours of life, Pasadena has turned to enjoy election day thrills to the utmost today and this evening. The society has arranged to join the politicians and the general public in watching the returns until late.

from the various political quarters and the newspaper offices the election returns will be announced at an "election night" dinner at the Maryland, at the Y.M.C.A., at the Hotel del Coronado, and at various playhouses; also at Robert J. Burdette's Tuesday night at "Sunnycrest" and at the private intellectual and social gathering.

The final result in the Presidential election, it becomes known—will be made with the whistle of the incandescent lighting plant. This is the prediction made by Guy R. Seleck, chairman of the Republican County Central Committee.

Two long blasts of ten seconds each and one short blast of four blasts of ten seconds will mean that Charles Evans Hughes has been elected.

It is thought that the wrecked monoplane may possibly be the property of some motion-picture company in the vicinity.

HUGHES WILL WIN.Predict Majority of Not Less Than
Six Thousand Votes for G.O.P.
Candidate, as County and
City Registration is
Unusually Heavy.(BY DIRECT WIRE—EXCLUSIVE DISPATCH)
SAN DIEGO, Nov. 6.—A majority of not less than 5000 or 6000 for Hughes in San Diego county is the prediction made tonight by Guy R. Seleck, chairman of the Republican County Central Committee.

A heavy vote is expected in both county and city, fully 50 per cent of the registration being predicted by party leaders here. The registration in the city was 22,413 and in the county outside 15,818.

In all probability, it is the leading candidates, the greatest interest here, in the wet and dry amendments. Both sides claim a victory by a large majority. The county is expected to give the bond issue a rousing majority as it is declared that if the bond carried, the hillside highway will be built from San Diego to Yuma.

The Congressional ticket on which Congressman Kettner is running against Harbinson is another issue of greatest interest here. Congressman Kettner held a last rally tonight at the exposition grounds, where the exposition grounds, where he made an address from "The War of the Worlds."

THE SECRET AWAY.(LOCAL CORRESPONDENCE)
COLTON, Nov. 6.—Having successfully kept secret the marriage of his parents from relatives and friends, Miss Rhoda Ahman, pretty daughter of M. J. Ahman, a "Times" agent and Forrest Marvin, son of Mr. and Mrs. F. W. Marvin, were obliged last evening to "fess up" to the fact that the ceremony had been performed at Arroyo on October 28 by the Rev. M. G. Beckwith of the Methodist Church. An inquisitive small newsboy who caught a glimpse of the wedding ring and informed the bride's sister led the way to the home of the bride's parents. Miss Ahman is the first bride in the graduating class of 1916 of the local high school. The groom is connected with the Riverside Electrical company and is a brother of Gerald Marvin, bugler of Company G of Redlands, Seventh Infantry, N.G.C.Cordon Agency, 527 Spring st.

Expert Positive as to Placing
of the Bombs.

Miss Gertrude Kilian, stenographer for J. J. McNamara, while secretary of the International Bridge and Structural Iron Workers, was one of the important witnesses placed on the stand yesterday by the prosecution in the trial of David Caplan, alleged dynamiter. She described the correspondence of the union labor official and identified many of his letters, which will later be introduced as evidence, and which relate to dynamiting of various structures.

Defense Attorney Appel failed in his efforts to place her in the class of an ordinary office clerk, and so belittled the weight of her testimony. Miss Kilian came from Cleveland to testify. Three other witnesses were hotel men. Kurt A. Dieklemann, one of the William Penn Hotel of Pittsburgh, identified the signature of E. B. Brink, who signed the name at the Baltimore Hotel here, and whom later he learned in jail was J. J. McNamara. Dieklemann's testimony is considered important, as the dynamiters came to Los Angeles and carefully planned their operations.

Waiter L. Smith, a clerk at the Hotel Chapman at the time of the dynamiting, identified the signature of E. B. Brink and O. C. O'Manigal. John F. Dibble testified similarly concerning these signatures in the register of the St. Charles Hotel in Pittsburgh.

William McFadden, engineer for the Board of Public Service and expert in explosives, testified as to the place and character of the explosion which destroyed the building. He was asked if he could swear to regarding his testimony, in which he established the placing of the bomb in ink alley. This he declared was possible by the discovery of broken beams which showed positive evidence of explosion but no marks apart by falling floors. He also declared the location of the hole in the wall gave positive proof of an explosive device.

To prevent losing their votes at today's election, the jurors in the case will be taken to their respective polling places to cast their ballots.

LARGE CASH ESTATE.

Petition of Widow for Letters of Administration Show Most of Eight Hundred Thousand in Banks Drawing Regular Interest.

A petition for letters of administration in the estate of George W. Hull, who died October 26 last, was filed in the Probate Court Saturday by the widow, Mary A. Hull, and shows that approximately all of the \$22,000 estate consists of cash in the bank accounts. The balance of interest includes Security Trust and Savings Bank, \$70,956.96; Helman Commercial Trust and Savings Bank, \$10,000; Hibernal Savings Bank, \$10,417.12; Merchants' National Bank, \$10,000. The estate includes the residence at No. 661 South Kingsley drive.

Mr. Hull apparently left no will. The real estate is valued at \$12,500. Mr. Hull died in Yavapai, Ariz. He left a son, George B. Hull.

AS OPIMUM PURVEYOR.

Cigar Merchant is Arrested by Customs Inspectors.

Virgil D. Hudson, part owner of the cigar store in front of the Mountain bar on Main street, between Fifth and Sixth streets, was arrested yesterday afternoon at Elm and Figueroa streets by Customs Inspector Prather and Sanders, who alleged he had in his possession four five-tail cans of smoking opium. Hudson was arraigned before United States Commissioner Hammack and released on \$1000 bond.

Hudson says an unknown man gave him the package, the contents of which he knew nothing to give to another unnamed man whom he was to meet. The offense was the arrest was made. Federal officers say Hudson was making a delivery of goods that had been sold when he was picked up.

PLEAD NOT GUILTY.

Two Indicted on Perjury Charge in Bankruptcy Case Court.

Willis S. Abbott and Susan E. Burk, who were indicted by a Federal grand jury for perjury and conspiracy to commit perjury in the bankruptcy proceedings of Rebecca Lee Dorsey, were arraigned in United States District Judge Bleedsoe's court yesterday, and both pleaded not guilty. The trial will be set at the beginning of the January term of court. The charge resulted, it is alleged, from a long-standing contention between the accused and Miss Dorsey and the complicated financial affairs of the last-named.

Last Echo of Gilbreth Case Heard in Superior Court.

When the creditors of G. W. Gilbreth, the contractor who was recently sentenced to imprisonment for the embezzlement of \$2000 from the company which bore his name, entered their claims before Superior Judge Craig several weeks ago, F. Tarranea, a night watchman for the company, failed to apply for his share. He appeared yesterday before the court, accompanied by Public Defender Powers, and asked for a lease on a small lake in the Big Bear country on which there has never been any hunting before, and it should be rich picking.

**MAYOR MAY VETO
NEW ORDINANCE.**

PLAN TO GIVE POLICE OFFICERS FOUR DAYS OFF.

Executive Points Out It Means Reducing the Force by Twenty or More Men and Finance Committee has not the Money to Engage Extra Patrolmen.

Mayor Woodman may veto the Topham ordinance, passed by the Council yesterday, giving the members of the police department four days off a month instead of two, and longer vacations. He said it means practically taking twenty or twenty-five police officers from the force and the city cannot afford to do that at the present time.

The Finance Committee is without funds to supply additional officers, just now, except the emergency force which is to be organized to protect the city from the usual winter influx of hobos and yeggmen. The Mayor says it is impossible to pay for the four days off, as the men get two days more off each month and as soon as the Finance Committee can supply the money he will be glad to see the men get the four days off.

EIGHT OR TEN?

MATTER OF ACREAGE.

When the city arranged with the Board of Education to take over the old Parental Home on Los Feliz road, it paid \$10,000 for approximately ten acres, but a survey shows there is only a little over eight acres. The Finance Committee was yesterday informed by Howard Robertson, Assistant City Attorney, that the city knows it must intend to pay the same price for eight acres as it was willing to pay for approximately ten.

Chairman Wheeler said the proposed amount was about right if there is only the smaller area. There are some good buildings on it and he is in favor of the city going through with the agreement.

Refunds Asked.

Councilman Wright is seeking an opinion from the City Attorney as to whether a refund of tax collected in the fiscal year 1914-15 should be made because of an error in the procedure.

Baldwinsburg Hearing.

The Public Welfare Committee of the Council will hold public hearing next Monday afternoon at 2 o'clock to consider objections urged by the clubwomen of Baldwinsburg to the proposed site for an enameling works, the fumes of which kill vegetation in the neighborhood. It is asserted.

Hollywood Park.

Representatives of the Hollywood Women's Club discussed with the Public Welfare Committee of the Council yesterday methods to acquire land for park purposes in the vicinity of La Brea avenue and Hollywood boulevard. The land, valued at \$43,355 and it was decided the proper way to get the money would be through an assessment district. The clubwomen, headed by Mrs. Reillin B. Lane and Mrs. George W. McElveen, will start the petition.

Against Dopesters.

The Public Welfare Committee yesterday decided to recommend to the Council that it transfer to the Municipal Charities Commission the property of the Clubhouse of the Municipal Charities Commission, which takes the place of the Municipal Charities Commission. The employees will get the same salaries they now receive.

An ordinance was passed exempting certain territories from the San Pedro residence district.

BOBS UP AGAIN.

Case that Won't Stay Down Gets Hearing in Federal Court, with Plaintiff as Own Lawyer. Quarter-section of Land Involved.

The contest of William B. Edwards, involving a quarter-section of land in the Imperial Valley, which has been before the courts in Riverside county, and the Federal court here, the local Land Office, and the Department of the Interior, in one shape and another, for the past half dozen years, bobbed up in United States District Judge Bleedsoe's docket yesterday. This was on the motion to dismiss the complaint filed by Edwards against Patrick H. Botkin, asking that the court hold Botkin to be merely in possession of the land in trust for Edwards. The plaintiff appeared as his own lawyer, and the matter was submitted.

In every phase of the fight so far, Edwards has been defeated—in the finding of the local Land Office, the rulings of the General Commissioner of the Land Office and the Secretary of the Interior, and in decisions rendered by the Superior Court and Circuit Courts in Riverside county. These last two cases are now before the State Supreme Court on appeal.

CELEBRITIES TO GO

ON HUNTING TRIP.

Johnny Powers, Frank Chance, Barney Oldfield, Walter Cline, Charley Richards, Ward McFadden, Harry Burt, Mel Nordlinger and Harry Williams will leave here this morning for a few days' shooting in the Big Bear. Powers has secured a lease on a small lake in the Big Bear country on which there has never been any hunting before, and it should be rich picking.

An Aid to Digestion.

When you have a fulness and weight in the stomach after eating you may be able to have eaten too much, and should take one of Chamberlain's Tablets to aid your digestion. [Advertisement.]

WHO'S TO PAY FOR ROAD RACE WORK?

DEFENDANTS SAY THEY'RE NOT RESPONSIBLE.

Man Holding Assigned Claims of Twenty-four Laborers Sues City of Venice, Abbot Kinney and Many Others—Says Men Were Hired to Get Race Course Ready.

Who is responsible for the employment of twenty-four laborers to put the track in shape for the 1915 Venice race? To ascertain this question suit was brought against the City of Venice, members of the Venice Road Race Association, Dana Burks, Abbot Kinney and thirty-eight other defendants by C. E. Zimmerman, who holds the assigned claims of the laborers. The amount due the men is \$1417.82.

The defendants claim they are not responsible for the race course, and are only fighting the claim in Superior Judge Shenck's court. The complaint alleges that the defendants agreed to pay for the services for putting the track in shape, and that the work was done between February, 6 and March 18, 1915.

SECOND SUIT.

AUCTIONEERS WIN.

When N. A. Feder & Co. prepared to have a \$50,000 sale of jewelry at their No. 549 South Broadway, in 1915, they went to Tyler & Gregory, Chicago auctioneers, and engaged their services on a 10 per cent. basis, it is said. But when the auctioneers came to Los Angeles they found, it is alleged, that Feder & Co. did not want them and refused to carry out the terms of the agreement.

Tyler and Gregory brought suit against N. A. Feder, owner of the business, to recover \$5000, representing the 10 per cent. commission on the \$50,000 stock in the Broadway store, loss of business while they were in Los Angeles, beginning March 15, 1915, and other expenses.

The first trial of the suit before Superior Judge Hewitt last November was adjourned to November 11, when the auctioneers asked for a new trial. A new trial was granted, and the suit was battled over in court again. Yesterday Judge Hewitt gave judgment in favor of the auctioneers for \$5000, representing 10 per cent. on the stock.

Refunds Asked.

Councilman Wright is seeking an opinion from the City Attorney as to whether a refund of tax collected in the fiscal year 1914-15 should be made because of an error in the procedure.

SEVENTY-FIVE SUED.

UNDER LIABILITY ACT.

Seventy-five stockholders of the Midway Southern Oil Company are claimed as defendants in the suit of the company against the Midway Oil Company, on trial before Superior Judge Finlayson, to recover a judgment for \$472.89 obtained against the corporation for supplies furnished. Because the corporation is a corporation, the defendants are asked to pay the amount owed the stockholders' liability act. The Midway Southern Oil Company is a \$1,000,000 Arizona corporation and owned a forty-acre lease in the Midway oil field.

NEW SUIT COMING.

WILL SEEK DIVORCE.

Instead of pressing her suit for separate maintenance against Sidney T. Butler, son of the late Sidney A. Butler, former Supervisor, Mrs. Blanche I. Butler will, it is said, file an action for divorce, asking for a decree of separation.

Yesterdays attorney, Roger Marcellin, filed a motion to dismiss the separate maintenance suit, a settlement having been made out of court, was said.

IN AND OUT.

ABOUT THE COURTS.

ANNUAL SUIT. The annual suit filed by Effie A. Murray yesterday shows that her husband had one wife too many. Using her maiden name she charges M. H. Burgess, also known as Henry H. Murray, who had a wife at the time he married her in Orange county, September 15, 1915, and that it was not dissolved by a decree of the court. The complaint was prepared by Attorney Barton Darlington.
